

2000 Industry led Prep Drill Southeast Alaska

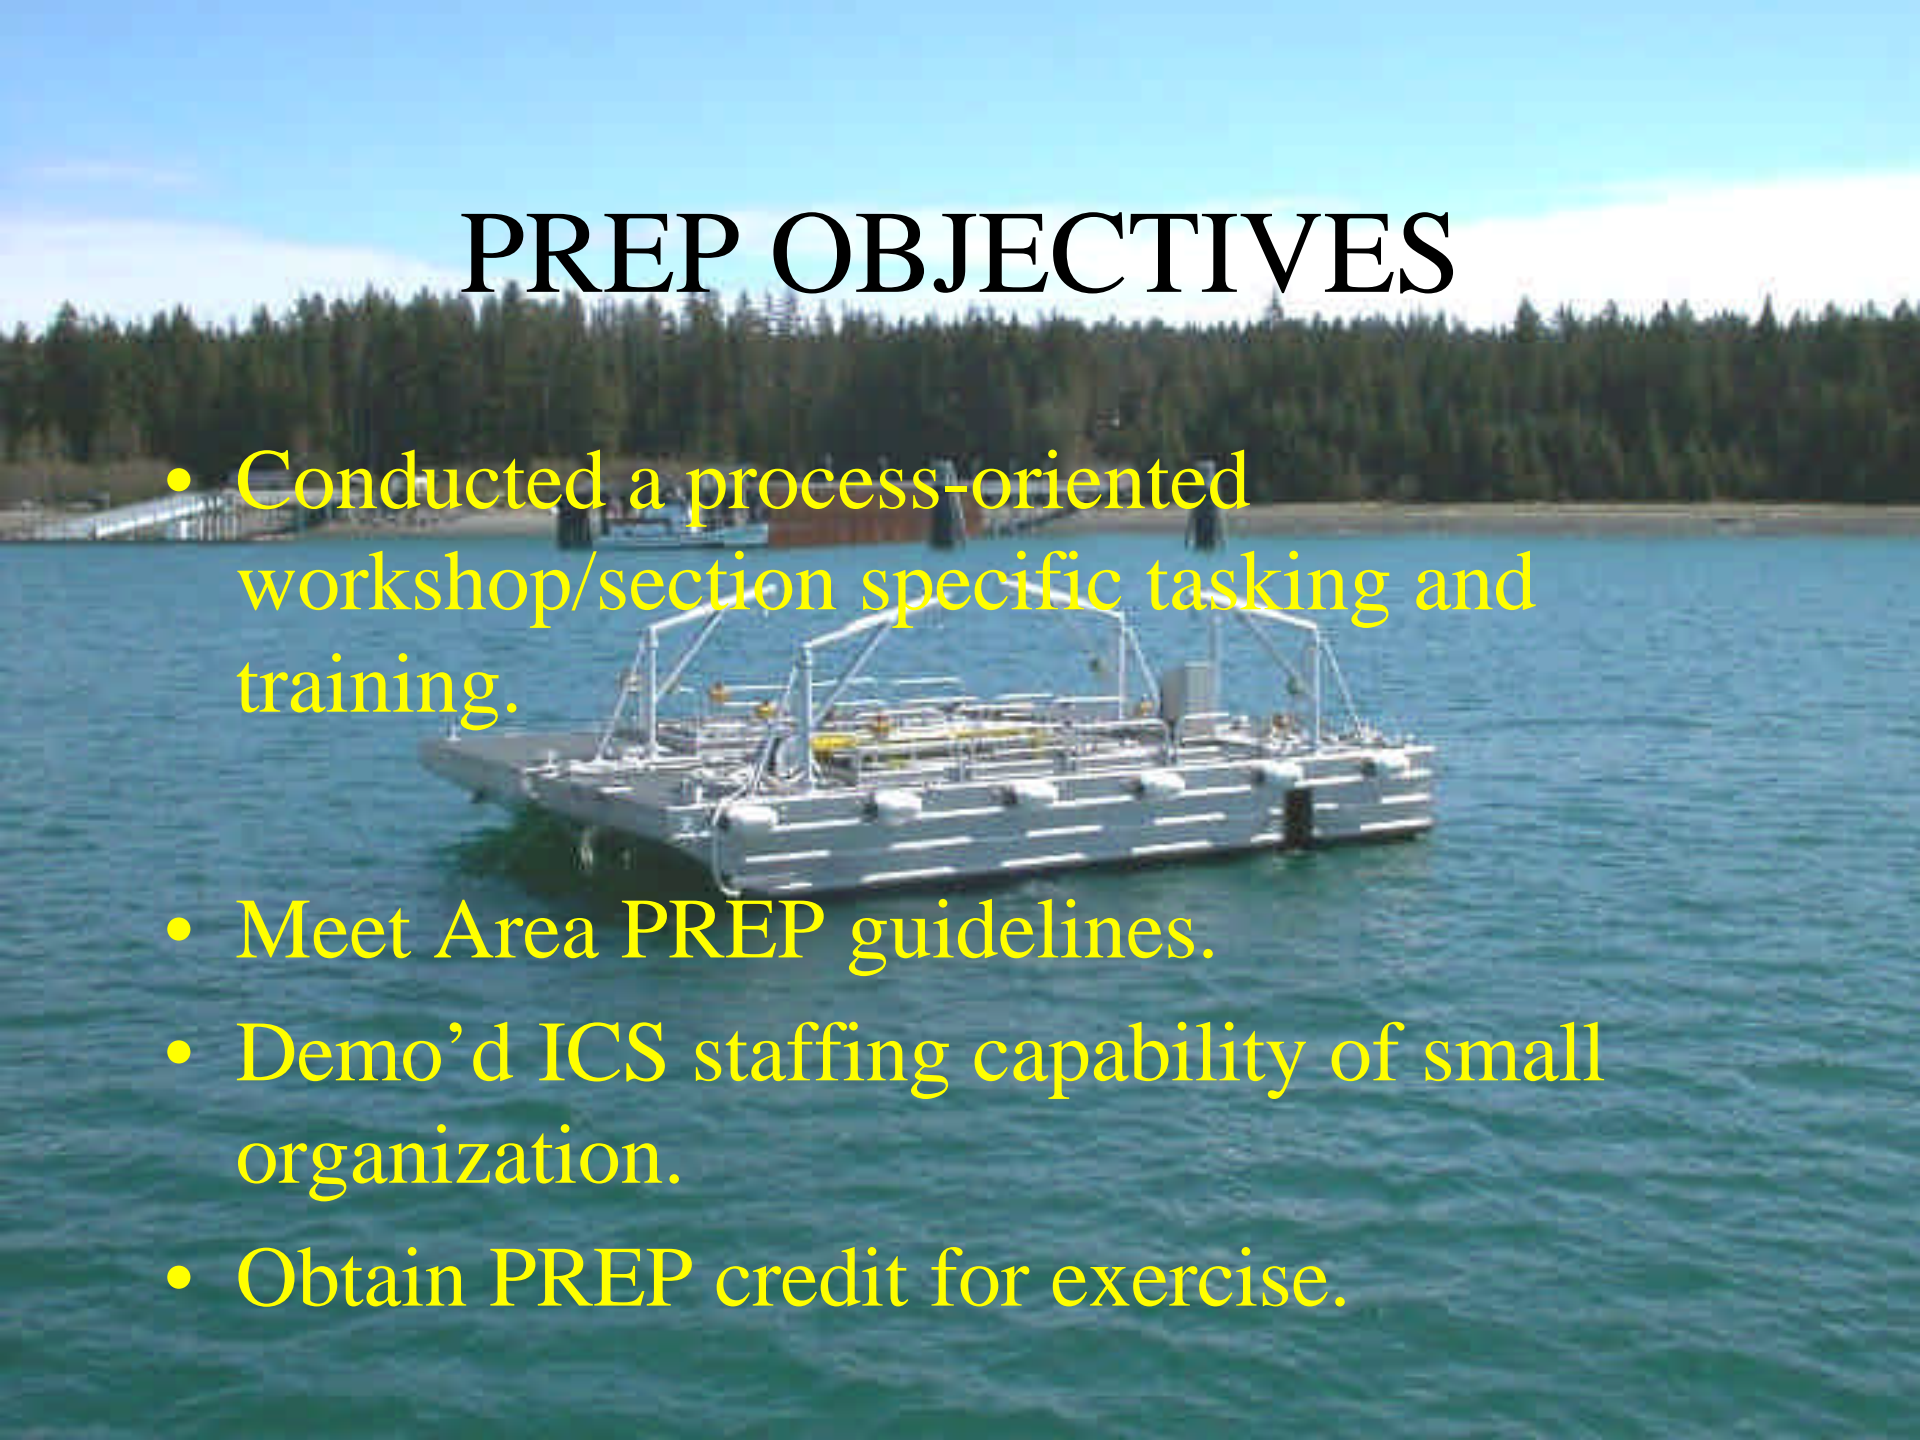

Captain Rob Lorigan
Commanding Officer
MSO Juneau

PREP 2000 HIGHLIGHTS

- Host: Sea Coast Towing Company
Location: Ted Ferry Civic Center
Ketchikan, Alaska
 - Players: 100+ (Fed/State/Industry/OSRO)
 - Funds Expended: \$30,000+ (C.G. only)
 - Planning: 3000+ Man-hours (Joint Design team only)
 - Equipment: Skimmer Bges, Boom, VOSS, Response Boats, CGC Anthony Petit
- 
- An aerial photograph of a Coast Guard cutter, likely the CGC Anthony Petit, on the water. The boat is dark with a red hull and has "COAST GUARD" written on its side. It is surrounded by orange booms and other equipment. A yellow buoy is visible in the water to the right of the boat.

PREP OBJECTIVES

- Conducted a process-oriented workshop/section specific tasking and training.
 - Meet Area PREP guidelines.
 - Demo'd ICS staffing capability of small organization.
 - Obtain PREP credit for exercise.
- 
- A white pontoon boat with a metal frame and railings is floating on a blue lake. The background shows a dense forest of evergreen trees under a clear blue sky. The text is overlaid on the image in yellow.

OUTCOMES/LESSONS LEARNED

- **Process-oriented format was extremely effective. Exercise chaos and mass confusion was avoided. All PREP objectives were met.**

- **Workshop reinforced training**
 - **Increased awareness of response issues and strengthened teamwork between various organizations.**

OUTCOMES/LESSONS LEARNED

(Cont'd)

- **Extremely difficult for small company to plan and coordinate large exercise.**
- **Heavy involvement from CG is needed to ensure PREP guidelines are met.**
- **Staffing of ICS for small company extremely difficult:**
 - *will rely heavily on State/Federal government agencies during first 48 hours.*
- **Webpage used for outreach and Info dissemination -- Huge Success**

OUTCOMES/LESSONS LEARNED

(Cont'd)

- Validated need for Command Post for accountability of personnel/equipment for exercise deployment.
- 1st time use of “Keeper Class” Buoy Tender as VOSS platform
 - Manpower support limited
 - Excellent Maneuvering/Station keeping
- Mods to Alt Compl Agreement
 - Add'l Boom (Tug/Barge)
 - Larger response skiff
