

The attached *Canada-United States Marine Spill Pollution Contingency Plan, CANUSDIX Annex - Operational Appendix: Wildlife Response Guidelines (CANUSDIX Wildlife Response Guidelines)* have been adopted by the undersigned Canadian and United States officials to provide guidance to wildlife resource agency representatives in coordinating or conducting response activities for wildlife that are oiled or potentially oiled when the Dixon Entrance annex is activated. The *CANUSDIX Wildlife Response Guidelines* were designed to facilitate the initiation and conduct of selected wildlife-related response activities to help ensure that those activities are conducted in a timely, efficient, and coordinated manner.
