Subject: COMMENTS REQUESTED FOR CHANGE 3 TO THE UNIFIED PLAN

In response to your request to review the "Alaska Unified Plan" and provide comments on recommended changes, the following is submitted for proposed changes. I apologize for not making the March 15, date and hope this will be considered in the upcoming change.

Suggested /recommended changes:

1. Page J-8 second bullet - Other Federal Agency Assets (EPA,FEMA,DOE,NRC). Under Radiological Assistance Program, 1st paragraph, third line change the current word "wish" to "with".

2. Page J-8 - Under Radiological Assistance Program, 2nd paragraph, last sentence, describes the DOE HQ Program Office, the office has changed and should be reflected as: "Determination to activate.....will be made by the National Nuclear Security Administration (NNSA) Office of Emergency Response, located in Washington D.C."

3. Page J-9, third bullet, add National in front of the ARAC paragraph, it should read as: National Atmospheric Release Advisory Capability (NARAC). Add National and NARAC as appropriate to paragraph.
If you have any questions or need clarification, give me a call.

Thanks,
Kathy
